

Haar Sauna Cookie Policy

Haar Sauna uses cookies to enhance the experience for visitors to our website. They help you navigate the website efficiently, deliver content relevant to you and perform certain tracking and metrics functions. Cookies are small files placed on your device or held in your browser memory, when you visit our website. The cookies that we use do not store any personal or confidential information about you. Disabling these cookies may prevent you from accessing and using certain parts of this website.

Consent

By using our website without opting out, you consent to the placement of cookies on your device in accordance with this Cookies Policy. You will have seen a flyover screen to this effect on your first visit to this website; although it will not usually appear on subsequent visits. You may withdraw your consent at any time.

Disabling cookies

After your initial visit to this website we may change the cookies we use. This Cookies Policy will always allow you to know who is placing cookies, for what purposes and give you the means to disable them so you should check it from time to time.

Haar Sauna uses the following cookies in the following categories:

[Essential Site Performance Cookies]

Certain cookies are essential to ensure you can view and access the site in the correct language and to ensure that it displays correctly and efficiently based on the browser you are using, your operating system and your screen resolution. Without these cookies, you wouldn't be able to view certain pages correctly.

[Third-party Cookies]

Used to store a user's preferences for cookies set by this website. We use third-party services to help offer users services that will be relevant to them. In order to effectively manage advertising we use a variety of third party services. For more information about third-party advertising cookies and how you can manage them, visit the Your Online Choice website.

The cookies that we use fall into the categories below:

[Social Media]

To facilitate you being able to share or Like our content on social media sites like Facebook, Twitter and others, we need to set a cookie. The social media applications use cookies to track your choices

and post comments. If you use a social media application, the cookie can track your usage even if you do not interact with it while on our site.

[Website Metrics]

Cookies in this category allow us to count the number of visitors to our website and to see the user journey they have taken. This helps us to fine tune and improve the way our website works and optimise the site to make the information you want more readily accessible.

[Personalisation]

Personalisation Cookies allow us to personalise the website to you. These cookies can make the website quicker for you to use and more relevant.

[Marketing and Third Party Cookies]

These cookies send anonymous information about your visit to our site back to us and other third party sites to tailor and display adverts relevant to you and analyse advertisement performance. No personally identifiable information is recorded and visits are anonymous.

For a full listing of the specific cookies and to manage your cookies in this category, please visit the Your Online Choice website.
